

A better overview of your “new” severance pay regime!

You are entitled to funds paid to former employee provision funds by previous employers? You would like to combine all your entitlements in your present employee provision fund?

You can have your previous entitlements transferred to Niederösterreichische Vorsorgekasse, your current employer’s employee provision fund (provided that no contributions have been paid into the old fund for at least 3 years)!

This will make your “new” severance pay scheme (Abfertigung NEU) more transparent, easier to handle, and you will also benefit from our favourable cost structure.

Complete, sign and **return this form to us** – use the mailbox function of your online account or send the form to service@noevk.at. Your contributions will then be transferred from your former employee provision fund to Niederösterreichische Vorsorgekasse AG. This transfer is free of charge.!

Please attach a **copy of a valid ID document** as well.

DO YOU HAVE ANY QUESTIONS?
