

## A better overview of your “new” severance pay regime!

**You are entitled to funds paid to former employee provision funds by previous employers? You would like to combine all your entitlements in your present employee provision fund?**

You can have your previous entitlements transferred to Niederösterreichische Vorsorgekasse, your current employer’s employee provision fund (provided that no contributions have been paid into the old fund for at least 3 years)!

This will make your “new” severance pay scheme (Abfertigung NEU) more transparent, easier to handle, and you will also benefit from our favourable cost structure.

Complete, sign and **return this form to us** – use the mailbox function of your online account or send the form to [service@noevk.at](mailto:service@noevk.at). Your contributions will then be transferred from your former employee provision fund to Niederösterreichische Vorsorgekasse AG. This transfer is free of charge.!

Please attach a **copy of a valid ID document** as well.

**DO YOU HAVE ANY QUESTIONS?**

Our staff will be glad to assist you:
